## REPLY TO NON-RESPONSIVE AMENDMENT

Sir:

A Notice of Non-Responsive Amendment was mailed on March 26, 2003. In such Notice, it was indicated that the communication filed on January 14, 2003 was not fully responsive, as the marked-up copy of the claims does not exactly match the clean copy. Specifically, it was indicated that the marked-up copy appears to indicate that a portion of step (d) may have been intended to be deleted. The Examiner indicated that it would be remedial to simply send in a copy of the marked-up copy of the claims that matches the clean copy filed as part the response filed January 14, 2003.

Submitted herewith on a separate sheet is a marked-up copy of the claims that matches the clean copy filed as part the response filed January 14, 2003. Step (d) of Claim 45 is retained as indicated.

It is believed that this submission is fully responsive, and applicant believes that the pending claims are in condition for allowance. If it would be helpful to obtain favorable consideration of this case, the Examiner is encouraged to call and discuss this case with the undersigned.
